

## The Industry's First Color Touch Screen Alarm System

Agri-Alert 128 Touch is the latest addition to AP's long history of providing swine producers with peace of mind through our line of proven and dependable alarm systems.

The AA 128T is equipped with all of the same great features that made previous Agri-Alert models so reliable, but the 128 offers so much more.

- 7-inch color touch screen allows all zones to be seen at once
- Internet connectivity provides remote access, eliminating your need to go to the barn every time it notifies you\*
- Email and SMS notifications
- Modular architecture allows you to design a system that's the right size for your operation
- 128 zones lets you monitor a large site with a single system\*
- Phone dialer provides guaranteed delivery of alarm notification even if you don't have internet
- Built-in security makes sure only authorized users can adjust the system

### Flexible Zone Viewing

Display all 128 zones in a single screen view, allowing for easy scanning of active alarms throughout the entire system.

With one-touch zoom-in, zoom-out capabilities, you can quickly zero in on a specific group of zones, increasing the tile size and information visible for each zone.

## Advanced Zone Filtering Options

Filtering zones by their current status allows you to easily view zones that may need immediate attention.

- Bypass Mode
- Trouble
- Active Alarm
- Clear Filter

By selecting the Bypass Mode icon you have isolated any zone that has currently been set on bypass.

Filtering zones by their type allows you to quickly view all zones of a specific function.

- AC Current
- Dry Contact
- Intrusion
- Temperature
- Clear Filter

By selecting the Temperature icon, you have isolated all zones associated with temperature and can view them at once.
